

October

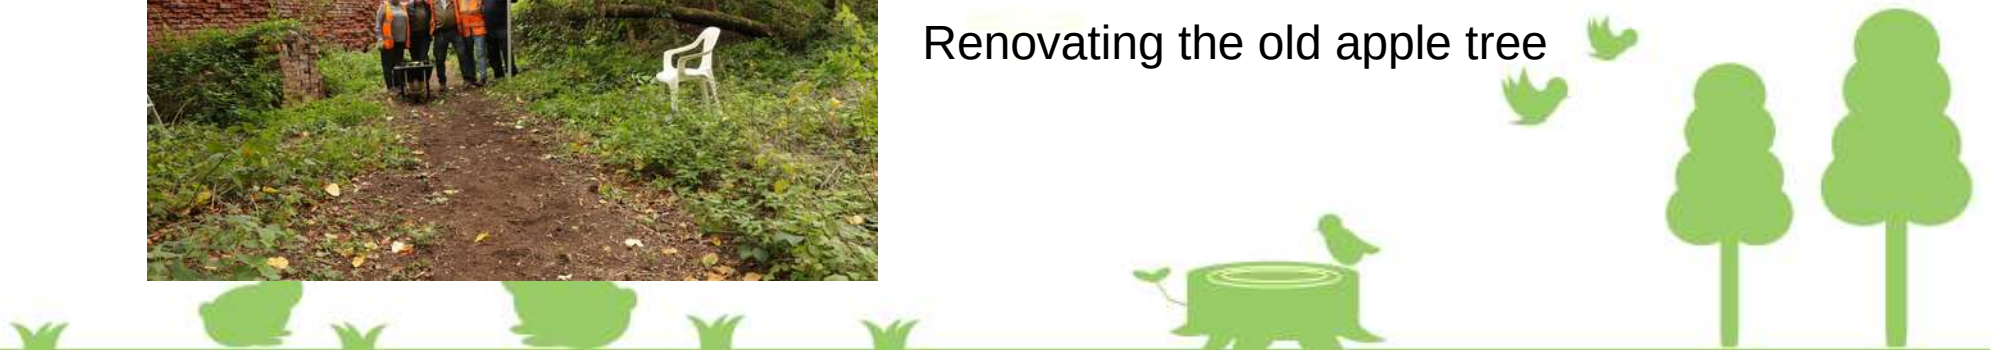

Marking out the new orchard

Discovering the original gate

Renovating the old apple tree

Corporate group clearing
under the north wall

Edward, our mascot
(we found him in the
potato field!)

Still harvesting tomatoes!

First decent rain
in a long time

Access ramp almost done

Preparing ground for the new fruit trees

November

Bread oven cleaned up

Bonsers almost finished
south wall repair

Starting work on the Heritage garden

Repairing the cottage windows frames

A volunteer in need of help?

Clearing the interior of the cucumber house

Bonfire night – out come the bunny-ears

Laying down woodchip in the vehicle access road

Cucumber house progressing

Is it straight?

Team from Portland college have cleared the old garden entrance

Starting work on the heritage garden pergola

Interior of bothy in need of repair

Foundation of one of the small lean-to greenhouses has been discovered

More work on the pergola

December

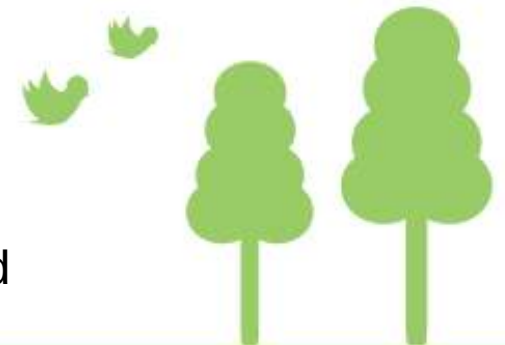

Back yard of cottage finally clear!

Central wall protected and made safe

South wall repair is finished

Ice-house cleared and lighting installed

Cold and frosty morning!

Bothy wall supported, awaiting removal of roof tiles

Pizza in the, now working, bread oven

Too cold to paint the greenhouse frames outside

Tidy workshop, but
for how long?
